CLICKSAFETY LAUNCHES NEW ONLINE ASBESTOS SAFETY TRAINING WEBSITE

June 1, 2010, Alamo, CA—*ClickSafety*, the leader in online safety training and risk management solutions, announces the launch of a new website <http://www.asbestossafetytraining.com>. This new site focuses on Asbestos Awareness Training and offers the following courses:

- Asbestos Awareness For Construction
- Asbestos Awareness For General Industry
- Asbestos Awareness For Schools

These courses are designed to meet the OSHA 2 hour annual training requirement for employees whose work activities may contact asbestos containing materials (ACM) or presumed asbestos containing materials (PACM). They also meet the EPA 2 hour training requirement for custodial or maintenance work.

For a full list of ClickSafety's 270+ [online safety training courses](#), please visit our website (www.clicksafety.com) or call us at 800-971-1080

About ClickSafety, Inc.
